Prince Smart Inn Ebisu

Seven stories high with one basement

With the use of ICT and AI technology, we serve as the "tourist platform" for our active business and travel users. We comfortably support our guest's stay from entrance to guest rooms with our three hotel concepts of simple, seamless, and stylish.

Our lobby is seamlessly designed, smoothly integrating the lobby, check-in, and café area of our entrance.

The lobby area is open for restaurant guests, and for our hotel guests for multi-functional purposes.
